

Anja Struck: Picture "fast as the wind" (2018)

€2,600.00

There is movement in here! A little boy on the beach. He runs across the beach towards the right edge of the picture. He is running after a colorful ball that has almost disappeared from the right edge of the picture. The movement of the boy can be felt through the technique of blurring. In the background the sea, the sky. The beach is in a warm ochre yellow, the sea in a bright turquoise. The impression of a warm summer day is created. The boy's innocent play radiates an infectious joie de vivre.
