

## **BIGUI: Picture "Physalis" (2021)**

**€750.00**

In this work, acrylic colors merge into an abstract interpretation full of joie de vivre and energy. Inspired by pop art, I have mixed it with a touch of something new to create a visual poetry that enlivens the senses and space. The play of light and color acts like rays of sunshine, bringing warmth into your home and inviting the viewer to immerse themselves in a world of emotion and color harmony. The painting has been stretched on a 3.5 cm deep gallery stretcher frame and can be hung without a frame, as the sides of the picture have also been painted.
