

Anne Samson: Picture "Tulips" (2023)

€1,500.00

Beautiful pink and red tulips are seen in a bulbous vase against a bright, multicolored background. The image is decidedly harmonious and radiates tranquility. The tabletop on which the vase stands is kept dark, but contains numerous shades, including a deep blue. The contrast with the flowers is expressive, the red tulip heads are expansive and fill the entire composition, their stems idiosyncratic and long. The still life is lively and subtle at the same time, expressive and colorful.
