

Marina Krasnitskaya: Picture "Moorlands" (2021)

€9,800.00

The work was done with the technique of multilayer oxidation of metals. Changing lighting in the room changes the image. ...In further pictorial spaces, the angular constructive framework of the ground appears to be overlaid by a flatness, as if cushioned by mosses and lichens, that has grown organically from aqueous sediments. Lively, breathing forms emerge, reminiscent of Jean Dubuffet, Pierre Soulages, and other classic Informel artists....
