

Sabrina Seck: Picture "Felix" (2022)

€2,200.00

What might be going through Felix's furry head when he licks his paws after a successful hunt and looks up to the sky with interest? Is it the stars that arouse his interest or is he simply enjoying the balmy wind blowing through his fur? We can only guess what makes him look so dreamy and enjoy even the sight of his expressive furry face. Due to digitization and depending on the monitor settings, there may be slight color deviations. Edges painted, thus an immediate hanging possible
