

Sabrina Seck: Picture "300 SL" (2022)

The Mercedes 300SL was already at that time a very special vehicle and only a few could call it his own. The factory designated W198 was available for just under 30000 DM as a coupe and roadster and was built in the period from 1954 to 1963 with a total production of about 3258 units. In addition to numerous motorsport successes, the W198 was particularly popular among celebrities from show business, businessmen and royalty. Today there are only a few pieces of this beautiful vehicle, which change hands at 7-digit prices.
