

Werner Aigner: Sculpture "Luna" (2024)

€3,900.00

Luna is the sister of Hilda's niece Adele. I have lovingly carved Luna from a glued piece of lime wood, finely sanded, classically painted with chalk and artist's watercolors. Sealed with finishing varnish. There is a lot of movement and excitement in Luna. A beautiful girl. Please do not expose the sculpture to direct sunlight. As a small businessman in the sense of § 19 paragraph 1 UStG I am not authorized to show sales tax.
