

Mo Fontaine: Picture "Dancing koi" (2023)

€2,200.00

This motif from the Koimania series is closely related to Zen Buddhist thought: Everything chaotic, secondary, unimportant has been eliminated, so that the "figura" - lifted entirely out of its context and cut off from everything superfluous (Kirè) - becomes a kind of essence. In the Asian world, koi are considered metaphors for happiness and wealth. They are an expression of the flowing qi, but also of the fleetingness of all being.
