

Sabrina Seck: Picture "Stilettos" (2024)

€3,200.00

In this work, I have captured the vibrancy and expression of the modern way of life through bold colors and dynamic shapes. The acrylic colors express the intensity and energy that a pair of stilettos can embody - a symbol of power, elegance and confidence. Each stroke and color gradient is a celebration of individual freedom and personal expression. This painting will bring a powerful and inspiring energy to any home.
