

Mina Ilic: Picture "Café de Flore" (2024)

€5,200.00

"Café de Flore" is reminiscent of the romantic atmosphere of a Parisian café. In the foreground, a woman sits gracefully at the window, her silhouette illuminated by the soft glow of daylight. She looks outside with a thoughtful gaze, perhaps lost in thought or fascinated by the bustling street life. She holds a delicate glass of wine in her hand, lending the scene a touch of elegance. The painting invites the viewer to immerse themselves in the intimate moment when time seems to stand still amidst the bustling energy of the city.
