

Ute Meyer: Picture "Washed up jellyfish" (2020)

€1,200.00

Ute Meyer observed this jellyfish at the edge of the sand on her beach walks and captured it on film. She took a still image from this film sequence as inspiration for the painting and painted the transparency and luminosity of the jellyfish on the sand - alla prima - in one go. The delicate jellyfish, surrounded by light and shadow, embodies transience and elegance. Its soft colors and shapes tell of the constant transformation of life. The edges are painted. A steel cable serves as suspension. The signature is on the front.
