

Uli Fischer Art: Picture "AUREUM INSPIRATIONE" (2022)

My Golden Inspiration was created at Christmas time 2022. I love the gold leaf border and I also love the differently arranged figures with the different colors and shapes. A similar painting was the total eye catcher at my ART on Board exhibition. This one inspired me a lot. While painting the work, my friend Alexa accompanied me with wonderful Christmas music. Have fun with it. Your Uli 90x120x4 from Uli Fischer, Germany
