

KNÖ-REI: Picture "609-GK" (2023)

€2,600.00

The construction shines in the soft yet radiant colors of autumn. Calm spreads, the hustle and bustle of summer subsides, it is time for reflection and sensuality again. Behind the seemingly indecisive, irritating composition lies a geometrically clear, orderly structure. Rhombuses, triangles, rectangles, perhaps even a square, which, however, cannot be completed and dissolve again. Nevertheless, an orderly, harmonious system remains. Every line, every angle carries the energy and beauty of simplicity, which opens up new perspectives from every angle.
