

Heike Schumann: Picture "feel freedom" (2024)

€1,800.00

The work "feel freedom" was painted on a canvas with high-quality acrylic paints, her own paper collages and markers, dated and signed by the artist. It is an original work of art! Heike Schumann was inspired by a live modeling session in her studio on the Baltic Sea. The model's short poses make the approach experimental and dynamic, giving the picture a very lively and abstract effect. The artist wants to convey a feeling of freedom and lightness with this work.
