

Karin Döring: Picture "LICHTGESTALT XXV [25]" (2024)

€2,400.00

In this work I merge powerful dynamics with the stillness of the moment. The use of acrylic and gilding on a dark background reflects both tension and harmony. This yoga asana, depicted in an energetic yet delicate pop art and vintage style, is meant to inspire the viewer to find balance and inner peace. It is an invitation to explore your own center and increase the surrounding energy in the room. Unique piece, one of a kind, gilded with 24-carat gold leaf and metal leaf
