

Anne Samson: Picture "Souvenirs" (2025)

€1,400.00

Souvenirs from the summer, from the sandy beach, from the sea, colorful and very pretty. The abstract picture is reminiscent of blue water, flowers, sand moulds, found objects and things left behind on the beach, memories of carefree days in the south with balmy air and cool drinks. Pastel shades dominate the composition, which is cheerful and colorful overall.
