

Mirek Gasz: Picture "At the top" (2009)

€2,400.00

An older work of mine, but I still find it very beautiful in its clear layout and the color contrasts between the green and the gray background. The idea was to give you the feeling that the person is at a lofty height, far away from the world, squatting on a small seat. Nevertheless, the figure should retain a confident and calm appearance.
