

Nicole Leidenfrost: Picture "Profitable pleasure" (2023)

€1,700.00

In "Profitable Joy", the symbols of success and pleasure merge into an artistic tableau. A majestic bull, symbol of strength and assertiveness, is enthroned in the center of the picture. His gaze radiates determination, while he embodies the prestige of prosperity. A shiny dollar sign hovers above him, emphasizing the value and power of financial success. The image is flanked by a bulging money bag, representing the fruits of success. But what makes this artwork stand out is the chosen background design. Bright colors such as pink and turquoise dominate, lending the image a playful vibrancy and celebrating the joy that comes with the acquisition of wealth.
