

## Ute Meyer: Picture "Spring VII" (2017)

**€2,100.00**

The picture shows a macro study of a delicate feather lying on a sandy beach between seaweed and stones. It reveals the beauty in the small details. Enlarged, this scene looks like a landscape of its own. I built up the oil painting in numerous layers and created it in a lengthy painting process. The high-quality canvas is hand-stretched, primed four times and fitted with a steel cable for hanging. My signature is on the front.
