

## **Michael Krähmer: Picture "Beach with rocks" (2008)**

**€2,800.00**

A mysterious bay with a steep rocky backdrop. Large pebbles are visible through the glassy water. A magical silence lies over this landscape and captivates the viewer. This painting is painted in the old master resin oil glaze technique in many very thin layers on MDF board. The production of such a painting takes about a month. The picture is framed with a contrast gray anodized aluminum frame
