

## **Gary Westall: Picture "Early Spring, Norfolk after Edward Seago" (2016)**

**€2,200.00**

Edward Seago is one of my favorite artists. The way he captured the English landscape in his paintings is inspiring and beautiful. His painting "Early Spring, Norfolk" is the inspiration for this painting. He was also very popular with the Queen Mum, Prince Philip and King Charles. Prince Philip and Queen Charles took lessons from him. Signed lower left, oil on cotton.
