

Ella Joosten: Picture "Forest Silhouette One" (2023)

€2,010.00

During a walk in the woods in winter, I was captivated by the lines of branches. I was struck by the silhouettes of the trees contrasting with moving clouds; a series of color shades. Partly due to the small twigs, this gave a beautiful interplay of lines. In this painting I have reproduced this wonderful composition, that catches the eye, and gives you that appealing feeling of freedom and admiration. The sides are painted through, so that it can also be hung without a frame. The painting is ready to hang immediately.
