

Sabrina Seck: Picture "Mr. Joker" (2023)

€3,400.00

This mister wanted to play a round of "Joker"....:-) But despite his make-up, he can't quite hide who is behind this "Joker facade". But he's certainly not "serious"....:-) Painted here with acrylic on a wooden canvas. This canvas is made of 100% wood. It is hung in the same way as a canvas mounted on a stretcher frame. Due to digitalization and depending on the monitor settings, there may be slight colour deviations.
