

Sibylle Bross: Picture "Red shovel" (2022)

€2,400.00

It has become really warm now. Many people are on the beach. Children are building a sand castle. People are walking along the shore, one group is in the water. The dominant colors are blue and ocher. Between them shines a red and green parasol. The artist stands with her easel on the beach in the midst of all the people and puts the motif directly on the spot out of the paint, with impasto brushstrokes with her oil paints in light and color.
