

## **BIGUI: Picture "Pears" (2022)**

**€750.00**

In my work I have explored the motif of the pear, which symbolizes life and nutrition. Through the use of acrylic colors, with bright shades of green, I create a picture full of vitality and closeness to nature. My style, naive yet realistic, celebrates the simple yet beautiful in our world. This painting will bring an atmosphere of joy and health to any room. The painting has been stretched on a 3.5 cm deep gallery frame and can be hung without an additional frame, as the sides of the painting have also been painted.
