

Peter Stahr: Picture "Solaris" (2022)

€2,200.00

The calming painting shows a surreal-looking abstract seascape. A green-blue sea with a coastline in shades of orange, yellow and violet. I painted this mysterious landscape freely from my feelings. The result evoked in me an association with the fantastic novel of the same name by Stanislaw Lem. Solaris is about human encounters with extraterrestrial life - but also about encounters with oneself. The picture was exhibited in solo exhibitions in Göttingen and Bad Hersfeld in 2023. It has a glazed wooden shadow gap frame. Of course, you can also purchase the picture without a frame at a lower price. In addition, the sides of the picture are painted so that it can also be hung without a frame. The picture is signed on the front and back and is ready to hang. The picture surface has a varnish coating with UV protection.
