

Mila Weis: Picture "Distance of Memory" (2024)

€3,200.00

In my work, painted with acrylics, I capture the essence of fleeting memories. The abstract composition, influenced by Expressionism and Impressionism, reflects a landscape of emotion where past and present blur. The cool blues and warm orange tones provide a visual spectacle that not only enlivens the space, but also encourages pause and reflection. This artwork is an invitation to explore the depths of our own memory.
