

Mila Weis: Picture "The Beginning / Jasmine" (2024)

€1,850.00

In this work, I have opted for an abstract composition that captures the smoothness and vibrancy of light. The gentle transitions between the shades of yellow and green create a calming, almost meditative effect, designed to envelop the viewer in a sense of peace. Created with acrylic paints, it reflects the pure and clear energy that gives your surroundings an atmosphere of calm and inspiration.
