€1,600.00

Light pink and orange tones characterize this picture. It is evening mood. The sky in delicate pastel shades. The sea is in motion, waves roll off the beach. Five people are taking an evening swim and enjoying this evening hour. Their gazes are all turned towards the horizon and sky and also pull the viewer's gaze in this direction. The abendlich bath transports this very special mood in the summer at the sea shortly before the sun disappears into the sea.
