

Ella Joosten: Picture "Flamboyant" (2024)

€1,950.00

In my artwork, I explore the vibrant dance of nature, emphasizing the rich, intense hues of pink and white lilies. This painting pulsates with life, its broad strokes and vivid contrast embodying a spirited celebration of the natural world. Crafted with acrylics in an expressionist style, it catches the viewer's eye, injecting a burst of passion and energy into any space. My hope is to convey a sense of awe and reverence for life's fleeting beauty.
