

Regine Lange: Picture "Sailing" (2022)

€870.00

My thoughts about the picture: Wherever the paths lead me, over waves so close to the sky I can feel the freedom and the clouds as I have never seen them before. The wind caresses my face, my worries are forgotten. The sun fades in the picturesque evening light and rises in the most beautiful colors in the morning. My heart becomes wide, I breathe in deeply, freed from sorrow, for here I may be. In a quiet time, without grief and sorrow.
