

Nicole Leidenfrost: Picture "Living strength" (2025)

€11,600.00

A powerful bull strides dynamically across the dark background. His body is painted in vibrant colors - a lively interplay of red, blue, yellow and green that makes him appear almost pulsating. The expressive choice of colors and the sweeping brushstrokes lend him an energetic aura, while the black background reinforces the intensity of the colors. The bull appears determined, full of movement and expressiveness, as if he is stepping out of the picture. A symbol of strength, passion and unstoppable forward momentum.
