

Ella Joosten: Picture "Flower Bed Two" (2024)

€1,850.00

I poured my passion and emotion into this composition, captured in the vibrant colors and bold brushstrokes of acrylic. The style reflects a fusion of expressionism with a touch of impressionism, playing with light and form to achieve a figurative interpretation of floral opulence. With every viewing, the work brings a fresh and energetic atmosphere to the space, a constant reminder of the beauty of nature and the joy it brings.
