

Stefan Ester: Sculpture "Pan V" (2021)

€3,700.00

A work from the "PAN" series. Created during the lockdown 2021, with the aim of finding something positive in this situation. Consisting of hundreds of wooden balls, lined up in a rotating spiral shape, connected by a self-supporting construction. The basic form or intention of all the works in this group of works is the schematically depicted virus form.
