Monika Gollasch:
Picture "Light on the horizon" (2024)

€750.00

Dramatic sky in Karsakhstan. Inspired by nature, by the lights and play of colors in the landscape in the morning in the fog, in the shrill daylight, in the approaching storm or in the sunset. With my "landscape brush", a broad, flat brush, I go over the canvas loosely and quickly in the style of the Impressionists, taking the colors unmixed on the brush, which mix expressively through spontaneous brushwork. In this way I achieve high-contrast, colorful and luminous landscapes that are only vaguely defined and draw the viewer more into a landscape mood than to a specific place. Acrylic on canvas, painted around the edges and covered with protective varnish. The picture can be hung immediately on the stretcher frame.
