

Anne Samson: Picture "Bright bouquet of flowers" (2023)

€1,200.00

This still life is simply fantastic. It glows and radiates magically in warm colors. A bulbous vase made of semi-transparent glass is filled with an abundance of red and orange flowers. The background is yellow and orange. The picture radiates cheerfulness, it documents the artist's zest for life and her great enjoyment of intense colors. Wonderful!
