

Sandra Gebhardt-Höpfner: Picture "Into The Woods With Water Lilies" (2024)

€1,890.00

A water lily pond in the middle of an enchanted forest. The pond emerges like an oasis after many meters of walking through the forest. It is very quiet and peaceful. Birds chirp and the wind blows gently through the treetops. A place to linger and take a deep breath. The picture is signed on the front and signed and dated on the back. The sides are also painted and a hook is attached for direct mounting without a frame.
