

## Ralf Kunstmann: Picture "Memory of Sardinia 1" (2022)

€1,800.00

In this work, I am reworking a scene that I captured in a photograph many years ago. I think it was in Orgosolo in Sardinia, which is known for its impressive murals and its rather bloody history. Even then I was sure that I would paint this scene one day. For me, the Fiat Panda is as great an automotive icon as a Ferrari or a Lamborghini - a symbol of Italian car manufacturing. The painting shown here marked my return to painting in 2022, after many years working in illustration and 3D visualization for renowned clients in the advertising and industrial sectors. And it feels great.
