

Sabine Schramm:

**Picture "Abstract o.T. with resin finishing (work no. 190219)"
(2019)**

€1,400.00

Abstract composition | high quality refined with synthetic resin | high gloss surface An abstract work of the artist ... it gives the viewer's imagination more room than any other genre. Abstract paintings by Sabine Schramm stand for harmonious colorfulness - carried by the diverse and colorful emotions of life. They silently connect the artist and the viewer. Abstract artworks are an expression of the individual personality - colorful, vibrant and energetic like life or gentle and calm. In an unusual and elaborate finishing process, several layers of epoxy resin were applied to the hand-painted image. This coating gives the work an indescribable luminosity - perfect brilliance in a new dimension! The result puts even glass in the shade and makes this picture something very special!
