

Jürgen Born: Picture "Victoria Tolstoy" (2022)

€4,241.00

Oil on canvas, signed. Wonderful concert at the Jazzclub Hannover. Victoria Tolstoy is regarded as one of the leading voices in contemporary jazz. Crystal clear, dynamic, wild and vibrant, yet at the same time prosaic and earthy - her voice is one of the most brilliant of all Scandinavian singers: When Viktoria Tolstoy performs a song, she doesn't just interpret it, she shapes and molds it in a unique way. An artistic streak has a long tradition in the family of Swedish singer Viktoria Tolstoy. Her great-great-grandfather was the legendary Russian national poet Leo Tolstoy. <http://www.viktoriatolstoy.com>
