

Anne Samson: Picture "Snow White and Rose Red" (2022)

€1,400.00

I know Snow White and Rose Red are fairy tale characters. But this picture is also fabulous in pink, white and beautiful pastel colors . Roses in lush abundance, ranunculus you see, very pretty stylized depicted. Many glazes were required to achieve this wonderful colorfulness. The work is serene and poetic, a jewel. Interesting: the picture can be hung both horizontally and vertically. Both versions are convincing. A frame is not necessary. The signature is on the back.
