

KNÖ-REI: Picture "639rel.II" (2025)

€2,600.00

A geometric composition with expressive gray and black. A square placed on its tip is the center, wide bars and lines structure the work dynamically. The two luminous pink shapes and the partially painted black surfaces make the painting an extraordinary and exclusive wall decoration full of energy and vitality. Thanks to the geometric construction, the work nevertheless appears orderly and unagitated. The artist has been preoccupied with the motif for some time; this painting has been painted over in parts and refined several times. Painted on artist's canvas with high-quality acrylic paints. The painting has painted side edges, does not need a frame and is signed on the back.
