

KNÖ-REI: Picture "stripslet 531" (2025)

€550.00

A harmoniously ordered work in calm shades of turquoise green and yellow. Unique pieces of linoleum prints by KNÖ-REI have been destroyed and placed in a new context. The small-scale geometric work stimulates the imagination and makes many individual interpretations possible that go beyond the immediately visible. It invites the viewer to immerse themselves in a sea of thoughts and perspectives and radiates an atmosphere of contemplation. Work dimensions 36 x 36 cm, mounted with passe-partout 50 x 50 cm. The paper work is coated with a special UV varnish so that it can be presented in a frame without glass. This ensures that the details remain sharp and true to color. Signed on the front and back of the passe-partout. Ready to hang with frame. _ Please note: the white lacquered wooden frame is ordered and assembled individually by KNÖ-REI after purchase. Therefore, shipping from the studio takes approx. 1 - 2 weeks, depending on the availability of the frame.
