

Sabrina Seck: Picture "La Paka" (2022)

€3,700.00

The two look very similar and yet they are an alpaca and a llama. But there are differences. Alpacas are smaller in comparison than llamas. The fur on the alpaca is also different, as it is used for wool production. Due to digitization and depending on the monitor setting, there may be slight color variations. Edges painted, thus an immediate hanging possible.
