

Sabrina Seck: Picture "I'm the boss" (2022)

€2,600.00

I am the boss and that as long as I live. When I'm hungry, you feed me treats outside my feeding time. Because you can't resist my royal look. When I want to be cuddled, I just sit on your lap and steal your time and you can't resist. When I jump on you because I'm so happy to see you, you can't turn me down. And when I want to join you in bed or on the couch, you willingly make room for me. You can't deny my royal stature any wish. That makes you the Bossy and me the Boss!!! I am your king :-)
