

Anja Struck: Picture "barefoot into happiness" (2023)

€2,900.00

This picture conveys joie de vivre! The girl or woman seems to be flying with happiness and energy. Her movement can be clearly felt through the blur in the picture. At the same time, a light breeze seems to be blowing from behind, blowing into her hair and clothes. The landscape becomes abstract. The colors bring the association of a landscape by the sea, perhaps it could be the North Sea with its salt marshes. But that is not entirely certain. There is plenty of room for personal interpretation. The artist's signature is on the reverse.
