

Anne Samson: Picture "Delicate bouquet" (2022)

€680.00

A fine picture is this! Delicate, light green for the leaves and pink, turquoise, pink and some white I used for the flowers. The work is fragrant and light and looks very cheerful. The subtle gray background also sets off the vase well, which picks up the colors of the plants. Is it made of glass or porcelain perhaps? In any case, it is beautiful to look at. A very coherent composition, very decorative.
