€1,760.00

Colorful and lively autumn landscape. Autumn trees tower at the forest pond and reflect in the clear water. The red and yellow autumn leaves cover the quiet pond landscape. The fact that there is still a lot of green in the forest landscape tells us that it is early autumn. A warm and sunny autumn day by the pond in the forest. Colorful autumn impression in square format. Oil painting on canvas in spatula technique, signed on the front and back. Professional stretcher frame of German manufacture, made of coniferous wood. Covered by hand. September 2023.
