

Milena Radic: Picture "Tranquil grace" (2024)

€500.00

This charcoal and pastel artwork captures the timeless essence of the human form, portraying the quiet grace of a nude woman sitting with her legs crossed and her arms resting gently on her hips. The harmonious play of light and shadow emphasizes the elegance of her lines and lends the scene a meditative depth. The soft pastel tones imbue the work with a gentle warmth that perfectly complements the striking charcoal strokes. With her head tilted slightly towards the light, the composition exudes a subtle majesty, inviting the viewer to explore the delicate beauty of the female figure - a celebration of her natural allure and the quiet, powerful presence she exudes.
