

## Sabrina Seck: Picture "cool paws" (2021)

€2,900.00

Alongside many other cartoon characters, this little dog is indispensable. The mute animal star of the cartoon scene entertains himself with dances or handwritten messages. When he's not working on his book, he lives in his own little fantasy world in which he is a recognized pilot. But he already has all the attention he can get. He's a cool guy on four paws.
